

Dear FCC,Reject the NAB petition numbered 04-160.  
I pay for satellite radio primarily because of the HUGE COST OF LISTENING TO  
CONTINUING ALMOST NEVER ENDING COMMERCIAL MESSAGES ON THE SO-CALLED FREE  
BROADCAST CHANNELS.

Too many first amendment rights have been taken away by groups such as the NAB.  
They should not have the power to dictate what I want to listen to and do  
purchase with my money.

If I don't like what XM provides to me as a customer, it is my decision to end  
that commercial relationship. It is not up to the FCC to limit my options.

thank you.
